the **KETTLE** must be filled with fresh boiled water, that it will not receive from the hot water that has been boiled long and repeatedly. For Moderate Strength, it requires One Teaspoonful of Good Tea to half a pint of boiling water. An ordinary tea-cup half full to a quart of water will make a strong infusion for five persons. An Earthen or China Pot is the best vessel for drawing Tea. It must be first "Scalded" out and set on the range to dry, and keep hot. Then put the Tea in, allowing to heat for a few minutes, adding the boiling water just **Ten Minutes** before it is wanted to be poured out. **TEA-NECT** requires about twenty minutes before
